SACHINTHA DINURANGA

Trainee Software Engineer

📞 +94 71 541 3051   @ sadinuranga@gmail.com   🔗 sachinthadinuranga.online   📍 Malabe

EDUCATION

BSc (Hons) in IT Specializing in Software Engineering (Reading)

Sri Lanka Institute of Information Technology

📅 09/2022 - 2025

GCE Advanced Level (Physical Science + ICT)

H/ North Kanumuldeniya M/V

📅 2006 - 2019

PROJECTS

Expense Management System

🔗 https://github.com/Sachintha-Dinuranga/restapi-expense_manager

Developed a full-stack expense management system, featuring authentication and complete CRUD functionality for managing expenses efficiently.
(React.Js, Spring Boot, Typescript, MySQL)

ZapChat

🔗 https://github.com/Sachintha-Dinuranga/zap-chat

Developed a real-time chat application leveraging the MERN stack and Socket.io, achieving seamless instant messaging capabilities while implementing secure user authentication protocols with JWT
(MERN Stack, Tailwind CSS, Socket.io , Cloudinary, Zustand)

Multimaster - (Group project)

Full-stack Computer Sales and Repair Management System developed as part of a group project, allowing users to purchase computer parts, track repairs, and provide feedback. Contributed to designing and implementing the repair tracking feature.
(MERN Stack, Tailwind CSS, MongoDB, Redux)

SnapClone

🔗 https://github.com/Sachintha-Dinuranga/snapclone---springboot

Developed a simple Google Drive-like application with a Spring Boot backend, providing secure file storage, management, and API integration.
(Spring Boot)

Movie App

🔗 https://github.com/Sachintha-Dinuranga/movie_app-

Developed a full-stack mobile application with a responsive UI, optimized performance, and seamless cross-platform functionality. Implemented efficient data management and modern styling for an enhanced user experience.
(React Native, NativeWind, Appwrite)

SUMMARY

Motivated Software Engineering undergraduate with proficiency in JavaScript, Java, and Python. Developed multiple academic and personal projects, showcasing strong problem-solving and coding skills. Eager to apply my technical knowledge and passion for software development in a dynamic internship role. Quick learner with a collaborative mindset and a commitment to delivering high-quality solutions.

SKILLS

DSA | OOP | Agile | JavaScript

Typescript | React | React Native

Python | Java | Spring Boot

Tailwind | HTML | CSS | GIT

MongoDB | Firebase | SQL

API Integration | Docker | Kubernetes
